# Happy children make a better world

1.

A room is fully completed when everyone feels welcome.

2.

Children as well!

3.

That is why IKC offers play value worldwide, in any area, for every budget and according to any wishes.

4.

Play corners that stimulate children to learn, move and develop themselves.

## A suitable play area for your daycare facility

### THERE'S NOTHING MORE BEAUTIFUL AND POWERFUL THAN CHILDREN PLAYING

Parents want to bring their children to the daycare facility knowing that they are safe, well cared for and that they can enjoy themselves. That is possible with an IKC play area. We focus on fun and safety when we design our products.

### LET CHILDREN PLAY AND MOVE SAFELY

We create play corners where children learn, develop and are challenged to move. Thanks to the materials and production techniques we use, our products are safe, hygienic and will last for many years. From design to installation, we keep the optimal hygiene aspects well in mind. In addition, we always make sure that the play concepts don't contain any loose parts. This makes them easier to clean and it is also safer for the children.

Our products are SGS certified according to the European EN-71 safety standard.

All our products are inspected, tested and certified by SGS Laboratories.

All our products only use FSC certified wood, so eco- and environment friendly!

European standard EN 71 specifies safety requirements for toys. Compliance with the standard is legally required for all toys sold in the European Union.

Our products are conform with health, safety and environmental protection standards for products sold within the EU.

**“We asked IKC to bring the experience of the beautiful outside world inside. We are very satisfied with the result, they did it!”**

- Sjoerd Siemerink, owner of daycare Bloesem

"My children almost don't want to go home anymore because playing at daycare facility Bloesem is so much fun."  
- Esmee de Bruin

# Favourites in the daycare

## FOREX WALL DECORATION

Our wall decorations are made of Forex (light, strong PVC foam), and are printed with quality photos and prints. Easy to maintain, and smooth on any wall. The non-reflective material ensures a beautiful result, regardless of the light in the room.

## VINYL FLOOR

Our durable vinyl floors are flexible, light and solid at the same time. They are made of a very strong material on which any design can be printed. The floors are produced in a unique way to guarantee optimal quality, colour durability and wear-resistance. The image is printed in reverse on the bottom side. The entire thickness of the floor forms the UV-resistant wear layer.

## EPDM PLAYFLOOR

The EPDM play floors are of high quality and offer children a safe surface to play on. The flooring is slip resistant and ensures that the impact of a fall is absorbed. According to the European safety standard, a shock-absorbent floor is mandatory if children can climb higher than 60 cm in your play corner.

## PLAY MODULE SORTING TREE

The Sorting tree wall game is a sorting game in which children learn to make connections by sorting fruit. The game panel can be attached to the wall or to an IKC play system, so it takes up little space. With a frame made of beech wood and available in green and white, this play panel fits into any interior.

## SOFTPLAY EVY

Softplay Evy is a tough, durable softplay element in the shape of a Fox. Evy the fox is a great addition to any play corner as it can be used to sit on, climb on or play with. The soft play element is made of strong PU leather. It is suitable for children from 2 to 8 years old.

## DELTA 32 INCH

The Delta 32 inch Touchtable is an interactive play system with a 32 inch multitouch screen with 8 different games. Together with the shape of the table and the multiple touchpoints ensure four children can play together at the same time!

"The IKC products ensure that children learn in a playful way."

- Pedagogical staff member at daycare facility De Regenboog

# Why together with IKC?

## THE POWER OF PLAY BY IKC

Our goal is to turn every organisation into a child friendly environment. By combining our knowledge and love for the way children play, we create powerful products that transform any room into a child friendly place.

The goal of our creative and challenging kids play areas is to enable children to feel comfortable and enjoy themselves endlessly.

## SAFE, FAIR AND SUSTAINABLE IS OUR MIDDLE NAME

This is important, especially when it comes to children playing. We have mapped our footprint and are working to reduce it as much as possible. That is why we use materials that are safe, durable and don't cause any damage to the environment. This will not just benefit the playing children now, but also in the future.

## FROM DESIGN TO INSTALLATION

We control the entire supply chain, from design to installation. With headquarters in the Netherlands and Shanghai China and a factory in Jiaxing China, we serve customers all over the world.

### Our full-service philosophy:

- extensive advice
- choice from our collections
- a custom design
- complete installation, maintenance and broad warranty

## HAPPY CHILDREN MAKE A BETTER WORLD

By combining our knowledge and love for the way children play, we create powerful products that transform any daycare facility into a child friendly environment. Our aim is to ensure that the creative and educational play concepts make children feel happy and good, so they can be themselves.

## SUSTAINABILITY AND SAFETY STARTS WITH THE MATERIALS

Only the best kind of wood, paint that leaves no chemical traces, a minimum amount of plastic and as much recycling as possible.

### Our sustainable play concepts:

- contain the best types of FSC certified wood
- comply with the EN-71 safety standard
- are sprayed with antibacterial and scratch resistant paint
- are easy to clean and to maintain
- don't contain any loose parts

## DO YOU WANT A CHILD FRIENDLY ENVIRONMENT?

Whether you have a lot or little space, a large or small budget: creating play value is always an option. We have been providing play value to daycare facilities all over the world for many years.
